

# DATALOAD2 SOFTWARE

DOWNLOAD/CONVERT AND VIEW OF MAGNETIC FIELD DATA

## PRODUCT DESCRIPTION

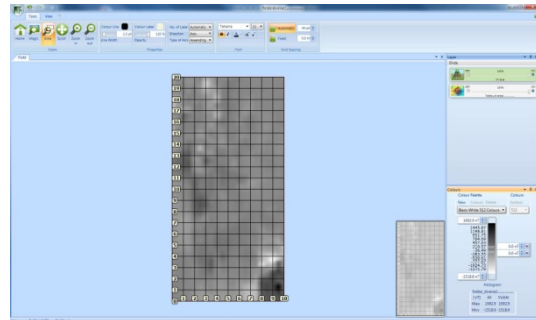

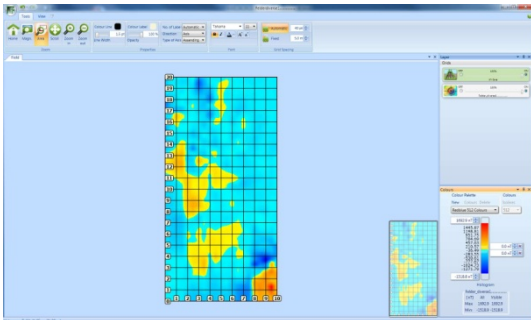

DATALOAD2 is a software to download, view, convert and export magnetic field data sampled with FEREX 4.032 DLG / DLG KARTO. DATALOAD2 requires minimum Windows XP SP3.

### CHARACTERISTICS

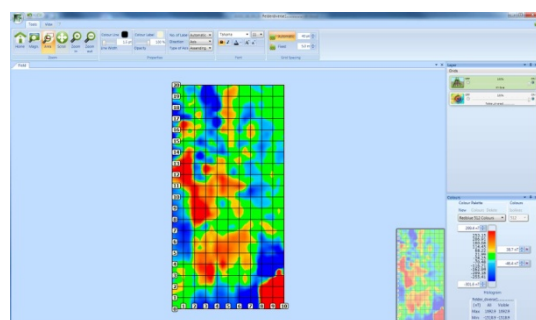

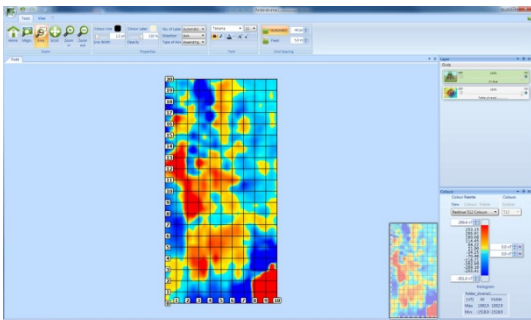

- Download of magnetic field data directly from the FEREX 4.032 DLG/DLG KARTO as fdl- or raw-file
- Conversion into txt, xyz, uxo and fdl format

Name	Fieldtype	User	Height	Width	Comment
Felder_diverse1.....raw	STD		20.00m	10.00m	1.....
Felder_diverse2.....raw	STD		20.00m	10.00m	2.....
Felder_diverse3.....raw	STD		20.00m	10.00m	3.....
Felder_diverse4.....raw	STD		20.00m	10.00m	4.....

- Preview of the recorded data - adjustment of color resolution (up to 1024), choose between blue & red, black & white or any user defined color scheme

- Adjust color saturation with respect to the data dispersion to enhance optimum color distribution
- User defined neutral area with a third color to reduce clutter effects
